Projects

Portfolio Website (kamilagi.dev) Nov 2026 — Present

Designed to look like a CV. Develop with simple structure in mind to build CV looking design. Made to learn Astro, Widen frontend knowledge, and to fulfill the need of a portfolio Website.

- Astro
- Cloudflare Workers

MarkYours (markyours.kamilagi.dev) Sep 2026 — Present

Self studio app that can be used directly in the browser. Co-develop with AI Agents, planned using grill-with-docs.

- React
- Tailwind CSS
- Cloudflare D1 (SQLite)
- Vite
- Cloudflare Workers
- Cloudflare R2 (Object Storage)
- Hono
- Drizzle ORM

Greenshift (greenshift.fiinnyy.my.id) Jul 2026 — Sep 2026

MRV platform for green financing in Indonesia. A company submits an industrial energy-efficiency project, GreenShift scores it, the company matches it with a vendor, and the verified project becomes a Green Project Blueprint that a licensed securities partner funds.

- TanStack Start
- Hono
- Drizzle ORM
- Cloudflare KV (Key Value)
- React
- Tailwind CSS
- Cloudflare Workers
- Cloudflare R2 (Object Storage)
- Vite
- Shadcn
- Cloudflare D1 (SQLite)
